ASAP

Throughout the school year the After School Advantage Program sites have partnered with our schools to hold Family Community events that benefit the students and families of our schools. Sites have assisted our schools with STEAM and Literacy Family nights. The partnership has been a huge success! By partnering with our schools it has brought more awareness of activities we provide our students on a daily basis.

HEALTH ED

One of the goals of the Health Education program at GECAC is to expose students and families to new, easy, healthy, and affordable recipes. For the month of April, the recipe was Vegetarian Quesadilla. Our students and families enjoyed the easy 5-ingredient recipe. On April 14, our Running Club students participated in the Hit the Streets for Hunger 5K run/walk, which was hosted by the Second Harvest Food Bank of San Joaquin and Stanislaus Counties.

TEACH

Students that are active in our tutoring program (TEACH) strive to improve their grades in subjects they are struggling in with the help of our Site Coordinators and volunteers. The knowledge students gain during tutoring helps them become independent learners, thus boosting their confidence and self-esteem. Over the last two trimesters 57 students graduated from the program (no longer receiving below average grades) and 158 students showed improvement in one of their primary tutoring subjects.

EVENTS

Register your team today! The 2nd Annual Tracy Bowl-A-Thon is on May 18, 2019 at West Valley Bowl. Help support our Tracy programs by being a sponsor, challenging other businesses in a two game bowling competition and/or donating an item to the raffle! For more information email sworthington@gecac.net or call 209-823-6222!
