

Your Time - Their Future!

Having my child in the Give Every Child A Chance afterschool program has been a wonderful experience. I feel that my child is safe and well-taken care of while she is in the program. She enjoys being there so much. At times, she gets mad at me for picking her up and does not want to leave. The staff is always so kind to everyone and always goes out of their way to make sure the students feel welcomed. The environment the staff has set up is beyond what I expected. I really like that I receive monthly e-mails informing parents of the activities they have going on. I really appreciate all the hard work that the staff does for the students.

Annual Report 2016 -2017

One of the greatest
gifts you can give
is your **TIME!**

A message from our CEO & Vice Chair

Today more than ever, our youth need mentors, role models, and caring individuals to help guide their development for a positive and productive future. Over the past 19 years, Give Every Child A Chance has played a role in the lives of over 50,000 youth, from all walks of life in South San Joaquin County. Circumstances ranging from single parent households, parents serving in the military, living in poverty, moving from home to home in the foster system, growing up in neighborhoods surrounded by drug activity and violence.

Throughout our time with Give Every Child A Chance we have witnessed firsthand the positive impact our mentor/tutor programs have on our youth. Everyday our students and volunteers are learning new skills, building positive relationships, making healthy choices and learning the importance of giving to others. Whether you are an employee, volunteer, donor, or partner, you are part of our Give Every Child A Chance family; a family who band together to make positive change in our community.

Thank you from the bottom of our hearts for your continued support over the last year. Your dedication and generosity has enabled us to continue to strive to fulfill our Mission Statement. From the professional development of our staff, to providing our youth with the tools necessary to reach their fullest potential, our mission will always be to give every child a chance.

The best way to find yourself is to lose yourself in the service of others. ~ Mahatma Gandhi

Health Education

"Health Education at GECAC began in 2007 and its goal is to educate students and families about healthy eating and making healthier lifestyle choices." ~ Ms. Sherly, Health Educator

This year our students learned about the health risks of sugary drinks, the importance of vitamins, the correlation between physical activity and academic achievement, HIIT (High-intensity interval training), and tobacco education. Additional health education projects and events included: 10 - focus groups at 5 different sites, 3 - Family Health Nights, 8 - Taste and Learn activities, 2 - Fitness Challenges, 2 - Wellness Projects, 4 - Food 4 Thought informational handouts, and 4 - Summer Health Day Camps. Health Education also created its Volume II of the Blender Bike Recipe Book during 2016-2017 school year.

Average post-test scores demonstrate that the students acquired knowledge by participating in health education!

	Sneaky Sugar	HIIT Your Heart	Vitamins	Physical Activity & Academic Achievement
Pre Test	37.2%	29.7%	44.7%	37.4%
Post Test	74.1%	65.2%	77.7%	73.2%

"Develop a passion for Learning. If you do, you will never cease to grow." Antony J. D'Angelo

"Ultimately, it is the amount of engagement and excitement the students display during the STEM program that makes the program so great!" ~ Mr. Colton, STEM Coordinator

The STEM program gives students the opportunity to engineer Lego models, experiment with robotics, and are introduced to programming. Using Lego WeDo & Lego Mindstorms kits, they are challenged to create fully operational projects that can be programmed to come alive with iPads and tablets. Students also explore the wonders behind a 3D printer. A favorite during the STEM program is the Sumo Robot Challenge.

During summer STEM camp, Banta launched model rockets and it was an absolute blast!

81.6%

Out of 320 students who were evaluated showed an increase in knowledge in the Lego WeDo curriculum.

91.5%

Of students in STEM showed an increase in knowledge.

Overall, students who attended the STEAM & STEM programs have increased their knowledge in Science, Technology, Engineering, Arts and Mathematics.

Robert Camden Inspirational Essay Contest

Robert Camden used his creative skills during the formative period of Give Every Child A Chance (GECAC), Manteca's Volunteer Mentor-Tutor Program, by challenging the founding members with "what if...?" questions that stimulate critical thinking. This essay contest was presented to celebrate Camden's contributions to our community and his inspirational gift of creative writing.

This year's topic was *"An act of kindness that impacted me..."*

After School Advantage Program

I just wanted to let you know that ever since my kids started attending the After School Program they have improved in many different ways. They are more sociable with people, they feel more confident with themselves, and they have learned many new things with the activities the program provides. Also, my kids always tell me how much fun they have and how nice the staff is. Thank you and your staff for providing a great program for the kids.

Thank you,
Ramon Ayala

ASAP Highlights

Lights on Afterschool

In October we participated in *Lights on Afterschool*. Lights on Afterschool is a nationwide event celebrating afterschool programs and their important role in the lives of children, families and communities.

Family Health

Throughout the year our sites hosted *Family Health Nights*. Family Health Nights consisted of guest speakers teaching families how to be active together, prepare healthy snacks and eat on a budget. The Second Harvest Food Bank also brought their Mobile Fresh truck so each family could take home a 20 pound bag of fresh produce.

River Islands Technology Academy

Our family truly appreciates the GECAC program at RiTechA. Both our kids enjoy the activities and their peers. Whitney and Stephanie are so incredibly patient with all the children. They are very much respected. We wouldn't know what to do without the GECAC program!

~The Clark Family

THANK YOU once again to the Manteca Firefighters Local #1874, Applebee's staff and all those who attended this fun event! 100% of the tips left in the fireman's boot go towards supporting our *free* mentor/tutor programs which help fulfill our founders vision of giving every child a chance to be successful academically and socially.

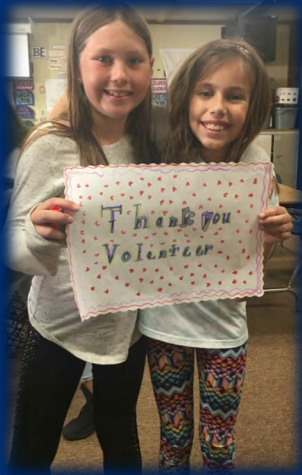

2016 Tip-A-Firefighter

“You make a living by what you get. You make a life by what you give.”
~Winston Churchill

“I like volunteering because it brings people together. I get to meet people I didn't know before. Being a volunteer strengthens our community and also breaks down walls of fear that some kids might have.”
~Jose Camacho, 10th grade
